

Our organization has two purposes: First is to honor local men and women who have participated in sports and secondly, to promote our young scholar/athletes with scholarships and local support.

Each year at our winter dinner, we select 'Old Time' former athletes who have done much in the interest of sports in the years gone by and celebrate their accomplishments. We honor them for their outstanding contributions, good deeds and as fine gentlemen or gentlewomen.

Each spring, we select outstanding senior student athletes from Stamford's High Schools and grant scholarships to help them attend the college of their choice each fall.

'Old Timers' honorees are men and women who have reached the minimum age of 60, participated in organized sports as a player, coach; organizer and/or made significant personal contributions.

Applications are available by request and must be sponsored by an active member of the organization. See our website (stamfordoldtimers.org) for contact information.

We raise funds annually thru 1. Direct contributions 2. A December Dinner, attended by 500+ people each year and 3. A Golf Outing held each Spring at our local golf courses. All contributions are used to: provide scholarships and render financial assistance to local youth activities.

We give a cheering hand to the sick or infirmed among our members. Our get togethers provide happy reunions for old time friends. We gather in the “**remember when**” atmosphere in which the “**mere boys**” in us, step aside into the shadows, while their elders cash their golden memories once again.

So please help us by contributing to and joining our organization.

We are a charitable 501(c) 3 organization in existence since 1944.
